

The following individuals have submitted chemical analysis laboratory results of their well water and monthly total coliform, fecal coliform, *E.coli*, or other fecal indicator organisms test results from the water in their truck tanks. They have also voluntarily agreed to other requirements set by the Health District in order to sell well water to PUBLIC SWIMMING POOLS.

The results of these tests are available for review in the Environmental Health Division at the Wichita Falls Wichita County Public Health District, 1700 Third Street.

The posting of this list is not an endorsement of the companies nor a guarantee of their product. The list is provided as a courtesy to the public and the companies that have added extra protective layers to their procedures to provide a tested option.
